# EISHO

EISHO is an integrated manufacturing and trading company with a global supply chain dedicated to providing customers with satisfactory products and services worldwide.

Founded in 1988, EISHO has its headquarters in Singapore and operates in various countries, including China, the United States, Japan, Germany, and Mexico. With a sales and service network covering over 70 countries, EISHO has established solid and stable cooperation with more than 300 global customers.

EISHO has abundant household product resources from different countries, providing one-stop product services, including import and export trade, product design and development, global raw material procurement, factory selection, production management, and quality control. Through an agreement in shares, EISHO has more than ten storage factories, ensuring efficient and reliable production and delivery.

EISHO offers a range of products, such as hangers, storage solutions, display props, and household cleaning products. We are committed to continually innovating and rapidly iterating our products to create high-quality, aesthetically pleasing home products that cater to customer needs.

# Fabric Storage

## No. 01 Fabric Storage

Our fabric storage products are made with 100% finished, eco-friendly bamboo that is sturdy yet breathable and lined with cotton fabric. Storage cubes are easy to clean; dusting the basket with a soft, dry cloth is recommended.

# Metal Storage

## No. 03 Metal Storage

Eisho's new metal storage series is customized with plastic rattan and metal wire that fits different styles of homes. Compared with natural woven materials, plastic lasts longer, avoids fading, and is mold-resistant. Its waterproof advantage also prevents metal from rusting, and the simple appearance comes at an affordable price. You can decorate your home according to your preferences for different color options.

# Plastic Storage

## No. 04 Plastic Storage

Made of PP and TPR, the plastic basket is sturdy enough to carry a full load of small and large daily supplies and is fit to hold wet and dry items. Ideal for small spaces in your home, this plastic basket keeps your space organized and uncluttered.

Most importantly, it's easy to clean and remains new after washing many times.

# Laundry

## No. 06 Laundry

Laundry can seem tiring and never-ending, especially if you don't have the right tools and supplies. When you have what you need, like a clothes line, pins, hanger and so on, even a large load of laundry can feel more manageable with laundry basket. Cedar blocks and lint rollers give best care to your clothes.
